CLASS: T.Y.B.A. **SEMESTER:** VI **MONTH:** JANUARY **ACADEMIC YEAR:** 2019-20

LEARNING OBJECTIVE/S:
The learners will be able to :

This paper is designed with the view to introduce the concepts, principles and methods of economic research based on qualitative and quantitative data. The course will enable the students to get an insight into the applications of modern analytical tools and techniques related economic decision making. The student gets an opportunity to learn how to collect and analyze primary and secondary data. Practical sessions will strengthen the knowledge related to computer applications to research analysis.
