 About Nisargotsav

Nisargotsav 2025 is a celebration of nature, innovation, and entrepreneurship! This event aims to explore the vast potential of botany in the world of business through creativity, sustainability, and enterprise.

EVENT HIGHLIGHTS

1 Jungle Couture – Botanical Fashion Show

 Witness nature-inspired fashion made from botanical materials! Participants will design and showcase outfits that highlight the beauty and sustainability of plant-based fabrics and natural accessories.

2 CineScope – Showcasing Biodiversity

 A short documentary (1-2 min) competition to capture the magic of biodiversity, conservation efforts, or innovative botanical entrepreneurship.

3 The EntreStall – Everyone Can Be an Entrepreneur

 Participants set up stalls to display and sell their botanical products—be it herbal cosmetics, plant-based food, eco-friendly crafts, or innovative plant solutions.

4 NaturaDyes – The Art of Natural Coloring

 Discover the beauty of natural dyes! Participants will create unique dyes from plant sources and demonstrate their applications in textiles, paper, or art.
