

Asmita Junior App: Privacy policy

Welcome to the Asmita junior app for Android!

The app is also available on Google Play.

As an avid Android user myself, I take privacy very seriously. I know how irritating it is when apps collect your data without your knowledge.

I have not programmed this app to collect any personally identifiable information. All data (app preferences (like device info, etc.) and alarms) created by you is stored on your device only, and can be simply erased by clearing the app's data or uninstalling it.

If you find any security vulnerability that has been inadvertently caused by me, or have any question regarding how the app protects your privacy, please send me an email and I will surely try to fix it/help you.

Yours sincerely,

Hrishikesh Utekar.

Mumbai, India.
