Activity Report

Date: 4th July 2022

Mendeley Workshop Report - VIVA College, July 1, 2022

VIVA College organized a dynamic Mendeley workshop on July 1, 2022, tailored for its faculty members. The workshop, emphasizing hands-on learning, attracted 34 enthusiastic participants. During the interactive sessions, participants gained practical insights into Mendeley's reference management tools, citation features, and collaborative functions. The event also included a participation certificate distribution to each attendee, recognizing their engagement and commitment. This initiative aimed to empower faculty with efficient research practices, enhancing their academic productivity.

Feedback from participants underscored the workshop's success in imparting valuable skills and boosting confidence in Mendeley utilization. By providing an avenue for practical exploration and active participation, the workshop achieved its goal of equipping faculty members with tools to streamline research workflows and foster scholarly excellence.

INNOVATIVE BUSINESS IDEAS

Department of Commerce in Association with IQAC, Viva College of Arts, and Commerce & Science had organized Innovative Business Ideas for the VIVA college students in the Library Reading Room on Thursday 2nd of February 2023 from 8am onwards. Mrs. Aradhana Singh welcomed the Chief Guests and the Judges for the event.

Principal Sir through his speech motivated the students by explaining that in an economy innovators and entrepreneurs play an important role and advised to be an employment giver and not an employment seeker. Dr. Rakhee Oza madam nicely guided the students with her speech. The event started with enthusiasm with a total of 11 participants. A time limit of 5-7 minutes was allotted to each entry. The judges asked questions to the participants.

Title: Report on Research Methodology in Social Science Lecture

Date: February 6, 2023

Venue: VIVA College of Arts, Commerce, and Science, Library Reading Hall

Speaker: Dr. Balaji Survase, Head, Department of Economics, Arts and Commerce College, Phondaghat

On February 6, 2023, VIVA College organized a valuable lecture on research methodology in social science at the Library Reading Hall. The esteemed speaker for the event was Dr. Balaji Survase, the Head of the Department of Economics at Arts and Commerce College, Phondaghat.

Dr. Survase covered essential aspects of research methodology, emphasizing its significance in the field of social science. The key points included an overview of research design, data collection techniques, sampling methods, data analysis, and interpretation. The lecture also highlighted the ethical considerations inherent in social science research.

The event was well-received by the attendees, comprising students and faculty members. Dr. Balaji Survase's expertise and engaging presentation style facilitated a clear understanding of the fundamental principles of research methodology.

The session concluded with a brief but interactive Q&A session, allowing participants to seek clarification on specific topics. Overall, the lecture was a commendable initiative by VIVA College, providing valuable insights and guidance to enhance the research skills of the academic community. The successful organization of such events contributes significantly to the college's commitment to academic excellence in the realm of social science research.

A brief report of the programme (in 250 -300 words)		Abstract writing is a crucial part for writing a scientific research paper. Abstract gives a jist of the research work done by the researcher. The Abstract is a summary of the research and that is why it is important to write a good abstract. Students of Postgraduate were educated about how to write a good research abstract.

Brief report of programme (in 250 -300 words)	The programme was conducted jointly by IQAC, research promotion & advisory committee & PG department of biological sciences. The programme was envisaged with the aim of training students and teachers in efficiently writing a research proposal. The resource persons and their team helped the participants in understanding the details of writing a research proposal. Also, they guided the students with respect to the forthcoming Aavishkar Research Convention. As a part of the activity three research papers were provided to three student groups and the students were asked to present the research papers. The resource persons examined the presentations and gave valuable guidelines on the dos and don'ts in a research presentation. It was a very interactive session.

Brief report of programme (in 250 -300 words)

This webinar was organized by the Post Graduate Department of Biological Sciences and Internal Quality Assurance Cell [IQAC] of VIVA College, Virar. This webinar was held on 29th November, 2021, 3 pm [IST]. The resource person was Dr. Vijay Raghavendran, Research Engineer, Chalmers University of Technology, Sweden. 74 students and 10 teaching faculty of the department of biological sciences participated in this webinar.

The webinar was held to inculcate the research culture amongst the postgraduate students of biological sciences. The students were asked to read a research article titled “A microbubble-sparged yeast propagation process for bioethanol production”. Question-Answer session was held after the talk by the resource person. Students were very enthusiastic and asked questions related to the article. The webinar was a success.

ABOUT THE CONFERENCE

We are glad to invite you and for a one day Online National Conference on "Recent Trends in Research", The conference will prove to be an effective platform for sharing knowledge and result in theory, methodology, applications impacts and challenges in technology and management. The aim is to provide forums for researchers and practitioners of applying technical and management knowledge to several areas of applications and other avenues and set up opportunities for networking with people having similar ideas. The conference is the initial step towards taking the research into its advance state. It is the platform to bring the academicians doctoral students, industry practitioners and researchers to deliberate on theoretical work, empirical findings and policy implications related to the management and other disciplines.

GUIDELINES FOR SUBMISSION OF ABSTRACT/ PAPERS

Authors are requested to email an extended abstract of the paper in word document (not more than 250 words). The extended abstract should give a clear indication of the topic, objectives, scope, results and conclusion of the work. All extended abstracts will be blind peer reviewed by a panel of experts. The full research paper needs to be submitted in MS- Word format, Times New Roman, Font Size 12 size, 1.5 line spacing, referencing style as per APA format for all the citations. The length of the paper should preferably be not more than 2500 words.

	<p>worked with big brands and handled their public relation. Brands like – Panasonic India, canon India, Tata motors etc. But that's not how it started; he did his maters in communication and journalism and masters in leadership and science from Mumbai University. Before he started his media house, he has worked as a reporter in print media like Dainik Prahaar and Marol Kesari.</p> <p>He explained us different aspects of public relation and the importance of building a brand. He explained us by sharing a few case studies of things like- Maggi, jawed Habib McDonald/ burger king and many more. He even shared his personal experiences in the industry and guided us for our future jobs in the practical world. We learnt a lot how to handle a client and deliver what exactly they want.</p>

	<p>He also discussed about Visual Effects Pipeline which refers to the various stages of production required to add visual effects to a film, then he discussed about Story which is the foundation of every great film, then Storyboarding and Animatics, Pre-Vis, Concept Art and Design, which is arguably one of the most important phases of pre-production, Layout and Production Design, Research and Development (or R&D), 3D Modelling & Texturing, Compositing, and then he talked about Rigging and Animation or the skeleton animation is a technique in computer animation in which a character is represented in two parts, etc.</p> <p>The programme started at 10:00 am and ended at 12:00pm. The guest speaker was heartily welcomed by Aditya Thakur, a student of F.Y. FTNMP. Interested faculty and students from other colleges were also invited to the seminar. The lecture was heated with admiration by the students and they also found the slides appropriate.</p> <p>Prof. Sameer Rane, HOD, and Dr. Zeba Siddiqui Class Teacher presented a small token of appreciation to our valuable guest of honour.</p> <p>As per the feedback received from the participants it was a very good learning experience for the students, the seminar helped them to understand the VFX in a very simple way.</p>

Brief report of programme (in 250 -300 words)		<p>Career guidance can be defined as a comprehensive, developmental program designed to assist individuals in making and implementing informed educational and occupational choices. In simple words, it is a journey on which people develop to make mature and informed decisions. We live in a highly competitive era where all our career choices and our efforts determine the quality of our life in the future. The competition is increasing every day and has even engulfed the courses that were once called non conventional. With this, the importance of proper career guidance and <u>counselling</u> cannot be overlooked.</p> <p>Our department of IT and CS had organized a career guidance program in online mode on 6th March 2020 in the presence of all staff members, all Final year students of IT and CS and HODs of both the department.</p> <p>The resource persons Mrs. Mayuri Rajani, Alumni of IT and Mr. Smit Kawli, Alumni of CS gave a wonderful insights on</p>

REPORT

Report on "National Science Day"

Organized on 27th February 2021

The Department of Physics had organized a webinar on "**Societal Application of Nuclear Radiation**" on 27th February 2021 on the occasion of National Science Day. This event was arranged to celebrate National Science Day for Degree and Junior College Students. Chief guest for the event was **Mr.Parag Walinjkar(Senior Scientific Officer,BARC)**. The event was Started at 4:00 pm and was inaugurated by our Guests along with the Principal,Vice Principal of Viva College and Head of Physics Department through online mode on **Google meet app & youtube LIVE**. After the inauguration, the program begins with the felicitation of the guest by the host Mr.Abbishek Thakur. It was then followed by sharing the guests' journey & experiences related to the topic for 2 hours where the students enjoyed the event & learned in an interesting manner. It helps to increase the curiosity about the applications of nuclear radiation in various fields like agriculture, defense, food , medicines, etc.among the students. Finally, the vote of thanks speech was given by Ms.Niyanta Dave & the webinar ended successfully.

Day 1:

First session, Dr Basil DMello welcomed the Principal Dr. A. P. Pandey, Vice Principal Mrs. Prajakta Paranjape, Vice Principal and IQAC coordinator Dr. Deepa Verma and the Head of Biotechnology Department Dr. Rohan Gavankar. In the inaugural speech the principal motivated the participants for the workshop. Mrs. Prajakta Paranjape (Vice-Principal) gave an introduction about the different degree courses provided by VIVA college. Dr. Deepa Verma (Vice Principal and IQAC coordinator) encouraged all the participants by highlighting the importance of online learning and PCR activity. Later, Dr Rohan Gavankar introduced the Biotechnology department and activities conducted by the departments.

After the Inaugural session Dr Amol Samant, introduced the workshop and its objectives to the participants. Dr Rohan Gavankar introduced the resource persons to the participants.

First Learning session was conducted by Mr. Mohammed Mubeen Shaikh which covered the basic concepts of PCR working as well as online demonstration on primer designing.

In the second learning session Dr Basil DMello introduced the concept of Agarose Gel Electrophoresis and Spectrometry based DNA analysis.

As an asynchronous activity, participants were asked to do an assignment on primer designing after the session where in between breaks some quiz questions were given through www.mentimeter.com. Guidance on asynchronous activity was timely given even after the online session.

Day 2

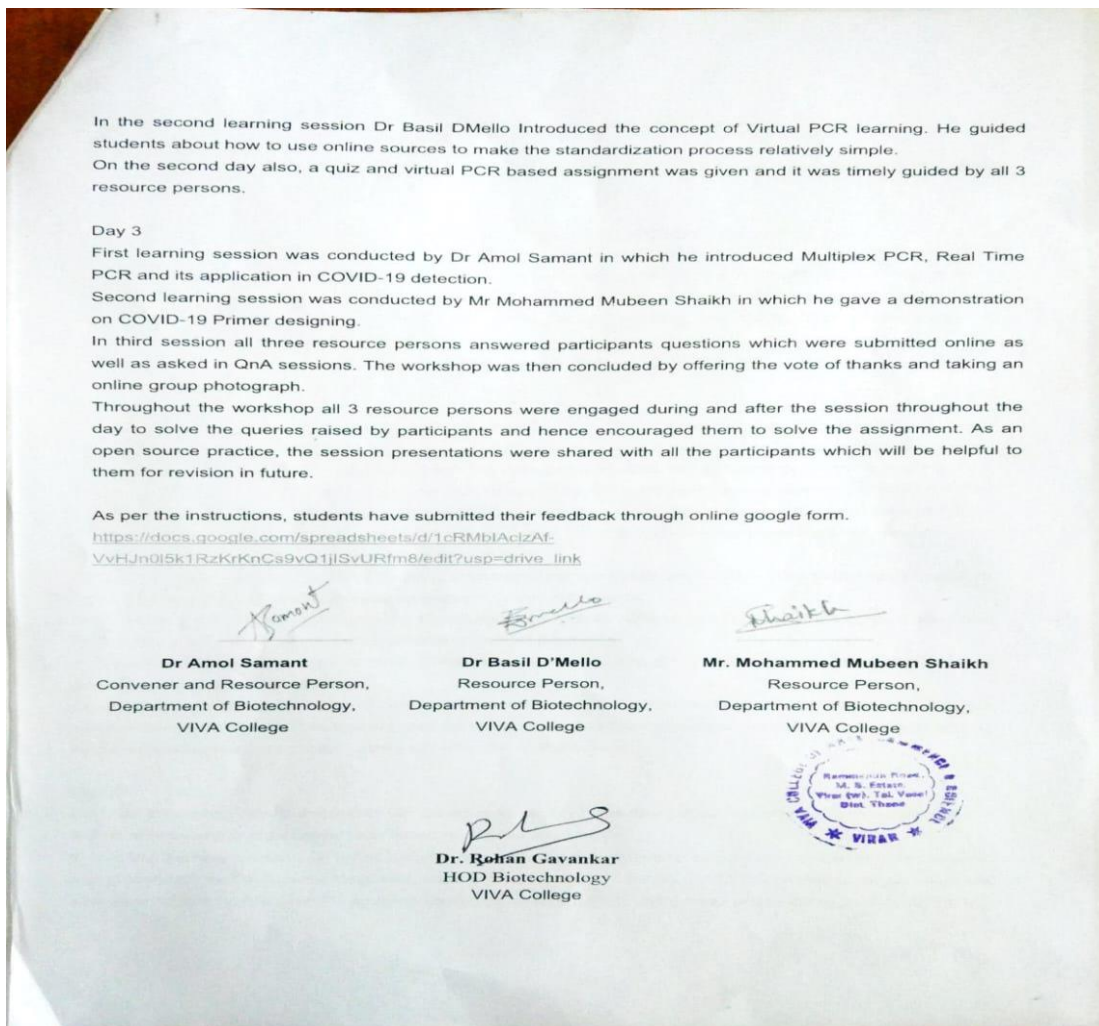

On their WhatsApp group animation videos as well as day1 session videos were provided to take care of technical problems, if a participant has faced during the session.

In the first learning session, Dr Amol Samant acquainted the participants about how to analyze PCR results, and guidance about troubleshooting with respect to AGE based analysis and PCR template preparation. He also gave schematic flow on PCR program design parameters, PCR component influence on successful PCR.

Activity Report

THE TIMES

A SESSION FOR THE GUIDANCE.

The college is the place where you get an opportunity to explore yourself. Our VIVA college never miss a chance to guide students for their future. Our department of BAMMC has organized TIMES 17th February 2020. internship programme on The programme was conducted to give a brief idea about the internship of TIMES. Mr. Vishal Shrivastav the Chief manager of TIMES Group was leading the session. He explained how one student can be a part of their group and how it will be beneficial for the one who wish to work in the media industry. The Times Group is a big label in India it provides great exposure. Mr. Shrivastav explained us the basics of internship how it will work how one can do this in their spare time. The internship is about the marketing survey of readership and subscription. The session was quite informative and interactive the students were curious to know. He explained that the internship is for 3 months and how the 3 months is beneficial for oneself. Someone said very rightly that "Opportunity is something which should not be missed out" and this what he expressed to us. There one can get a chance to meet and interact with dignitaries of The Times of India Group and can get a chance to see printing of newspapers.

The session went well and students got to know a lot about the internship. Mr. Shrivastav wished us luck for the future.

Photography Confab

On 25th July, Thursday, a Photography Seminar was held in the Seminar Hall of VIVA College by Jai Dodiya, an Alumni of VIVA College who previously belonged to the BMM department.

The seminar began at (10:30am), all the budding photographers of FY, SY and TY of BMM (30 students) along with faculties were present to be a part of the seminar and gain intel from Dodiya and his years of experience in the field of photography.

The seminar began with Jai introducing himself, followed by him giving guidelines and sharing his experiences, etc. Later, he displayed his work and achievements such as his work being published in Hindustan Times, which motivated and inspired the attendees.

As the photography seminar came to an end, an interactive Q-A took place which was quite expository along with which he shared the importance and need of internships.

Lastly, the vote of thanks was conducted with which the seminar concluded and the potential photographers surely left the Seminar Hall with a new resolve.

Role of Microbes in Human Welfare

Consumption and waste generation have increased exponentially across the globe, and are only expected to increase. Understanding that we have one planet with limited resources has shaped our approach to innovation. By providing sustainable alternatives, we can help change patterns of consumption and parameters of processing to limit the generation of waste & use of resources & energy, while maintaining high standards of safety and quality. We study everyday products & processes to understand their composition, the raw materials used, and their limitations, to determine how they can be repurposed to achieve more with less. We then empower these raw materials with a positive charge to enhance their functionality and performance, using proprietary & patented formulations. Livinguard is a material science company focused on enhancing the functionality of materials through the power of positive charge. Our purpose is to protect the health and well-being of people and the planet with our sustainably driven technology platform.

DEPARTMENT OF BMS

Date: 20th September 2019

INNOVATIVE INITIATIVE

Our SYBMS students studying Business Planning and Entrepreneur (BP & ENT) subject in SEM III. Innovation is a base of an Entrepreneur. By keeping this thing in mind we department of BMS started an "Innovation Initiative" for students. It is a common learning subject for all faculties i.e. Marketing, Finance & HR. We gave a project task to all divisions. Every division has at least 5 groups with 10 members.

The project was a Live Concept. In this concept students need to generate an innovative idea for product or services from given field and has earned money out of this concept. The important objective of the project is to Think Innovative, Act Creative and to learn business practices. The minimum investment and maximum returns was also the important learning of this project. The fields for the project was provided by subject faculty, and fields were School, Personal Trainer, Beauty services, Financial Consultant, Entertainment, Bakery, Tutoring, Share Market consultant, Blogs, Stationary, Sanitation, Transport Services, Entertainment, Sports, Photography, Travel, Online Gaming, Fitness, and Childcare.

The Learning behind this concept was to train students to take Initiative, to build confidence, to take lead, manage team, to know capabilities, strength, and weakness of individual and to work on opportunities. Students were participated and enjoyed doing live project. Project duration was 7 days (Ganpati Festival Week Off) in that they performed for one day and remaining six days for discussion and submission of report.

Students appreciated this kind of live project, where they built up confidence to do something by themselves. One of the group received appreciation for their innovative product in the field of Bakery services.

Activity Report

RICERCA- THE RESEARCH MEET

Department of Biological sciences had organized a poster presentation session-“Ricerca” on 8th February 2020 at Viva college old campus. Now Ricerca is basically an Italian word which means research or investigation or pursuit which was the base of this poster presentation. Around 150 students from FY, SY and TY from all biological sciences departments together were a part of this research meet..Various posters in the categories of Research and Review were displayed by the students from all the departments. For the evaluation process the Judges Ms Madhavi Chauhan from Haffkine Institute and Dr Hitesh Shingadia, department of zoology from Mithibai college were invited as the Judges. Even the management of our college made their visit to boost the confidence of the participants and even shared their views for the same. Also the students of different departments along with the school section made a visit to see the hard work of the participants.Last but not the least Prizes were given in different categories to students like best poster design, best presentation 1st , 2nd and 3rd prize for research as well as review poster. Special categories prizes like best presenter, awareness posters, best innovative thinking etc were also awarded to the students. The main aim of this activity was exposing the students to the concept of how the posters for research work are made as well as this helped them in improving their presentation skill as well which was the basis of this research meet.

A guest lecture by Suhas Birhade

January 12th 2019: "It is an extremely responsible work to do reporting." Suhas Birhade, Special Representative of Loksatta, said that due to the increasing influence of today's breaking news and electronic media, it is a very challenging task to conduct news. Suhas Birhade was present on 12th January, 2019 from 10am-12pm in New Campus, Seminar Hall to guide the students of the BMM department of VIVA College to guide the students on "Journey from Event to News".

The news' subject has to be understood before it is delivered. This makes your news different from others. Apart from this, your sources should be accurate to make news trustworthy. These resources provide you with many news in the unknowable, but you should be prepared to work on it. Being a reporter is a very responsible job. Birhade advised students to be alert about current happenings and told them to reduce social pressure instead of building it.

In 2008, Taj was a very challenging task to cover after terrorists attack as a reporter. You want to go home to your family but right that time one must live up to their job as a journalist and stand for people, such needed advise was given by Mr Birhade.

BMM Coordinator Mrs Neetu Sharma welcomed Mr Suhas. BMM staff and students were present for this event.

Unfolding the Foldscope

A **Foldscope** is an optical microscope that can be assembled from simple components, including a sheet of paper and a lens. It was created by Manu Prakash and designed to cost less than one USD to build. It is a part of the "frugal science" movement which aims to make cheap and easy tools available for scientific use in the developing world.

Workshop Title: Unfolding the Foldscope

Resource Person: Dr. Anupma Harshal (Indo-US foldscope grant awardee)

Convener: Dr. Basil D'Mello

Event Date: 21/06/2018 & 22/06/2018

Beneficiaries: Botany, Biotechnology and Biochemistry department's undergraduate students (210)

DEPARTMENT OF BMS

Date: 18th October 2018

INNOVATIVE INITIATIVE

Our SYBMS students are studying Business Planning and Entrepreneur (BP & ENT) subjects in SEM III. Innovation is the base of an Entrepreneur. By keeping this thing in mind we department of BMS started an "Innovation Initiative" for students. It is a common learning subject for all faculties i.e. Marketing, Finance & HR. We gave a project task to all divisions. Every division has at least 2 groups with 10 members.

The project was a Live Concept. In this concept students need to generate an innovative idea for a product or services from a given field and have earned money out of this concept. The important objective of the project is to Think Innovative, Act Creative and to learn business practices. The minimum investment and maximum returns was also the important learning of this project. The fields for the project was provided by subject faculty, and fields were Education, Cosmetic, Home Decor, Online Services, Lighting, consulting, Gift Articles, Books, Cleaning Services, Stationary, Sanitation, Transport Services, Entertainment, Sports, Photography, Travel, Online Gaming, Fitness, and Childcare.

The Learning behind this concept was to train students to take Initiative, to build confidence, to take lead, manage team, to know capabilities, strength, weakness of individual and to work on opportunities. Students participated and enjoyed doing the Live project. Project duration was five days in that they performed for one day and remaining four days for discussion and submission of report.

Students appreciated this kind of live project, where they built up confidence to do something by themselves. One of the group received appreciation for their innovative product in online gaming.

Brief report of programme (in 250 -300 words)

The Zoology Department of Viva College successfully hosted an enlightening event on Bioinformatics. Dr. Kiran Pariya were the distinguished guest. His presentation highlighted the pivotal role of bioinformatics in modern science, emphasizing its significance in genetic research and biological data analysis. A hands on training session was also conducted for the students. His insightful discourse also shed light on the numerous career opportunities in this field, leaving our students inspired and well-informed about the promising prospects within the realm of bioinformatics.
