Brief report of programme (in 250 -300 words)

Title of Seminar: "Certification Courses by Microsoft"

Objective: "To assist students in developing skills and help students in obtaining Microsoft Certifications."

Details:

The seminar was organized for the students B.Sc IT, B.Sc CS and B.Sc DS on 1st February, 2023. The talk was given by Ms. Ratna and Rahul a team of skilled knowledge workers whose mission was to assist students in developing skills and help students in obtaining Microsoft Certifications. The speaker gave an introduction and started presentation with the definition of skill development and its importance in today's world. He showed a picture of Satya Nadella, the CEO of Microsoft and used him as an example that one does not need to be good in programming to land a job in a Tech Giant company as he was merely an electrical engineer by degree. There the importance of skill came up. Then he showed another photo of a 14 year old boy, Tanmay Bakshi who at this age was hired by IBM as an AI Engineer and rejected an offer from Google before that. There too the importance of skill was shown as he started from an early age and worked his way towards success. Next students were shown some statistics of how many employees in India are actually skilled in their profession compared to people who just want to earn money and quite surprisingly the percentage of skilled people was very low. The demand does not meet the supply of skilled people. He explained the importance of python programming language in the tech world. It is used in every branch of computer science like: Web Development, App Development, Machine learning etc. The speaker gave many examples. Then he informed about Microsoft Student Partners (MSP). It is basically a platform to test

knowledge on various technical skills. The pass percentage of the exam is 70%. If the students pass the test, it sets them apart from the crowd and they acquire a lifelong tag from Microsoft. He continued about the Microsoft Certification Programme and it's benefits. Then he told us about various workshops on different skills like ethical hacking, python etc. To conclude the seminar he demonstrated what ethical hacking is by actually hacking a students' mobile who volunteered for it. Everyone was amused by that. Overall the talk was very informative and got many of the students interested in the programme.

Committee Event

Name Of The Committee:. VIVA NSS UNIT
Name Of The Event:. Guest lecture by virar Police on "Cyber Crime"
Date Of The Event/Program: 17/08/2022
No. Of The Participants:. 69 Volunteers
Male: 28 Volunteers **Female:** 41 volunteers

Overall Report Of Event/Program: A guest lecture was organized in association with Virar police station. The senior Inspector and Inspector were called as a guest. They guided us about the cyber crimes which are happening now a days and they also enlightened us with the solution. They made us understand how important is to make interaction with our social helpers (Police). In the last students made their doubts clear by asking few questions.

Brief report of programme (in 250 -300 words)

The department of BA FTNMP along with a Hague based Filmmaker **Roy Rezaäli** conducted an online Masterclass on Super 8mm Film Making on 8th August 2022 at 2.00pm. The Master class included and covered the following points :

Super 8 mm film

history and now, camera's (ASA principle and operating the cameras), film stock, development, telecine (2K/4K), editing

Super 8 filmmaking

one take principle, tag method, audio recording, characters as the foundation for your script, Charles Burnett's approach to the narrative, no pre-written dialogues but ad-lib, explaining situations beforehand instead of directing during shooting, improvisation and intuition in all fields, The Remodernist Film Manifesto

Promotion

Branding as 8sploitation Grindhouse Cinema, What is 8sploitation? -The principles of Grindhouse Cinema?, A guerrilla method of promotion, The film festivals, Screening at local arthouse cinemas

The Masterclass was an intercollegiate, informative and collaborative workshop. It was attended by students of Viva college, KC college and KES college. Towards the end of the workshop we also discussed the upcoming detailed workshops related to 8mm Film Making and the Production of Film in the same, for which Roy is not only conducting more workshops but also sending us 8mm reel/film and the camera to produce and shoot some of our ideas. The workshop was attended by a total of 27 participants.

We Thank our HOD Prof. Sameer Rane, our Principal Dr.

Brief report of programme (in 250 -300 words)	<p>Data Science is one of the most popular emerging domains and most sought-after career options. According to a report by LinkedIn, Data Science dominates its emerging job ranking with a whopping 37% hiring growth over the past three years. Data Science is revolutionizing almost every industry and gaining popularity day by day. But, why is Data Science so important? This is the question in everyone's mind and hence need to be resolved.</p> <p>Thus, our department of IT and CS in association with IQAC had organized a Webinar on Data Science in online mode on 6th October 2021 for Final year students in the presence of HODs of the both departments as well as other faculty members of the department.</p>
	<p>The resource person Mr. Srinivas Gurralla gave an Intro on data science, tools and techniques, Applications with Practical implemented in Python Code. Also, he explained How data science is being applied in the industry and it's practical use in the market. The session ended with the Question Answering session which proved to be helpful to many students in clearing their own doubts related to the topic.</p>

300 words)	Department of Botany and Biochemistry had organized an event entitled" Internet: Virtual or Real". Considering the pandemic situation, the program was conducted virtually where the participants from all the streams can participate freely. For this event, more than twenty students participated which included graduate as well as post graduate students from all the streams of college. For celebrating this day, students were given two topics namely CASE STUDY ON MISUSE OF INTERNET and USE OF INTERNET – DOs AND DON'Ts on which they had shared their views by presenting posters, sketches and powerpoint presentations. Competition of poster presentation was judged by Mr. Johnson Varkey from department of Zoology, Sketches were judged by Ms. Tanvi Bore from department of Biochemistry and at the same time powerpoint presentations were judged by Mr. Hensal Rodrigues from department of Botany. The moto behind celebrating this event was to create awareness about the use of the internet as well as giving a platform to the students to share their views. Students' active participation in all the events had made the program successful. Finally certificates were given to winners as well to all the participants.

	<p>students of FY, SY, and TY students on the topic “Basics of VFX (Visual Effects) on 3rd March 2021. The speaker for the online Guest Lecture was Prof. Biswa Ranjan Swain.</p> <p>In his lecture Prof. Biswa Ranjan Swain discussed the Basics of VFX. Visual effects (sometimes abbreviated VFX) is a process by which imagery is created or manipulated outside the context of a live action shot in filmmaking. VFX involves the integration of live action footage (special effects) and generated imagery (digital or optics, animals or creatures) which look realistic, but would be dangerous, expensive, impractical, time-consuming or impossible to capture on film. Visual effects using computer-generated imagery (CGI) have more recently become accessible to the independent filmmaker with the introduction of affordable and relatively easy-to-use animation and compositing software.</p> <p>He also discussed about Visual Effects Pipeline which refers to the various stages of production required to add visual effects to a film, then he discussed about Story which is the foundation of every great film, then Storyboarding and Animatics, Pre-Vis, Concept Art and Design, which is arguably one of the most important phases of pre-production, Layout and Production Design,</p>

	<p>Research and Development (or R&D), 3D Modelling & Texturing, Compositing, and then he talked about Rigging and Animation or the skeleton animation is a technique in computer animation in which a character is represented in two parts, etc.</p> <p>The programme started at 10:00am and ended at 12:00pm. The guest speaker was heartily welcomed by Aditya Thakur a student of F.Y. FTNMP. Interested faculty and students from other colleges were also invited in seminar. The lecture was heard with admiration by the students and they also found the slides appropriate.</p> <p>Prof. Sameer Rane, HOD, and Dr. Zeba Siddiqui Class Teacher presented a small token of appreciation to our valuable guest of honour.</p> <p>As per the feedback received from the participants it was a very good learning experience for the students, the seminar helped them to understand the VFX in a very simple way.</p>
