Brief report of programme (in 250 -300 words) On 23 July, 2022, Department Of Zoology conducted event in accordance with SARRP aimed at raising awareness about

Indian snakes among students. The event provided invaluable insight into the diverse snake species inhabiting the country, highlighting the importance of coexistence and understanding. Through engaging slideshows, students were educated about the distinguishing features of venomous and non-venomous snakes, as well as the notorious "big four" venomous snakes: the Indian cobra, common krait, Russell's viper, and saw-scaled viper. The presentation not only shed light on the behavioral patterns and habitats of these serpents but also emphasized safety measures and first aid procedures in case of snake encounters. Attendees left the event equipped with newfound knowledge and a heightened sense of respect for these fascinating creatures, fostering a deeper appreciation for India's rich biodiversity.

Starting from the plot, character, set, makeup and other aspects. 'Yeh Kothi dekh rahe hain, isme deewaren kam aur khidkiyan zyada hain' says the aging Hamida Bai, who represents the vanishing culture of tawaif khana, the world of dance and music, of tradition and a unique set of principles. Back in the time courtesans held mehfilis reverberating with the sounds of sarangi and tabla, and the ghungroo, the bells that the tawaifs wore on their feet. Semi classical and classical music, ghazals and thumris flourished in these homes; however, many legendary singers of the era remained in the memories and fables.</p> <p>Sharing 3 things related to drama:</p> <ol style="list-style-type: none"> 1. Worksheet with roles and faces, you can use this to write characteristics. 2. Elements of drama 3. HMD synopsis <p>Students were involved in interactive sessions and activities in the workshop. A total of 14 Students attended the activity.</p> <p>We Thank our HOD Prof. Sameer Rane, our Principal Dr. V. S. Brief report of programme (in 250 -300 words)

Finally, Dr. Sampada Deshmukh encourages the students to participate in the certification course as it offers better opportunities for career advancement.

Title of Seminar: “Certification Courses by Microsoft”

Objective: “To assist students in developing skills and help students in obtaining Microsoft Certifications.”

Details: The seminar was organized for the students B.Sc IT, B.Sc CS and B.Sc DS on 1st February, 2023. The talk was given by Ms. Ratna and Rahul a team of skilled knowledge workers whose mission was to assist students in developing skills and help students in obtaining Microsoft

Certifications. The speaker gave an introduction and started presentation with the definition of skill development and its importance in today's world. He showed a picture of Satya Nadella, the CEO of Microsoft and used him as an example that one does not need to be good in programming to land a job in a Tech Giant company as he was merely an electrical engineer by degree. There the importance of skill came up.

Then he showed another photo of a 14 year old boy, Tanmay Bakshi who at this age was hired by IBM as an AI Engineer and rejected an offer from Google before that. There too the importance of skill was shown as he started from an early age and worked his way towards success. Next students were shown some statistics of how many employees in India are actually skilled in their profession compared to people who just want to earn money and quite

Surprisingly, the percentage of skilled people was very low. The demand does not meet the supply of skilled people. He explained the importance of the python programming language in the tech world. It is used in every branch of computer science like: Web Development, App Development, Machine learning etc. The speaker gave many examples. Then he informed me about Microsoft Student Partners (MSP). It is basically a platform to test knowledge on various technical skills. The pass percentage of the exam is 70%. If the students pass the test, it sets them apart from the crowd and they acquire a lifelong tag from Microsoft. He continued about the Microsoft

Certification Programme and its benefits. Then he told us about various workshops on different skills like ethical hacking, python etc. To conclude the seminar he demonstrated what ethical hacking is by actually hacking a students' mobile who volunteered for it . Everyone was amused by that. Overall the talk was very informative and got many of the students interested in the programme.

The event was about the art and creativity that can be portrayed out of flowers, about creating various decorative ideas, making a simple flower look more presentable. In the workshop students were briefed about the main principles and elements while making the flower arrangement. 34 students participated. In the workshop there were five different styles of arrangement showcased, as below:

1. **Ikebana Style (Japanese/Oriental flower arrangement):** These arrangements have more than an aesthetic grouping of plant materials. In this the metal pin holder was used with beautiful flowers and filters the names are Yellow rose, Gladiolus and Solidago.

2. **Western Style (Abstract):** The emphasis is on the use of many flowers as a mass in the floral arrangement. This exotic flower was used such as Carnation, Heliconia &

3. Western Style (Circular Shape): The fundamental concept about this arrangement is that this design looks the same from all the directions. The pretty flowers such as white rose, peach rose, Chrysanthemum (Pink & White) and some fillers were added like Baby's breath and umbrella palm.

	<p>Borwankar visited the monetary Museum . Students were briefed about the evolution of money through power point presentations and explained the functions and role of Reserve Bank of India and why RBI is said to be Bankers Bank.</p> <p>Visits to money museums offers young students a great opportunity to draw on the past – learn about the history of money – to understand the importance of saving for their futures. Visits to the museum do not need to be limited to a walking tour, but can include various workshops where students can learn about different currencies and the history of money.</p> <p>The museum showed the evolution of currency - from barter to coins to paper money and, later, to e-money. It captures the journey of the monetary system in the Indian subcontinent. The coinage section had coins that date back to the 6th century B.C.</p> <p>RBI Monetary Museum is a unique museum set up by the Reserve Bank of India (RBI) – the most important financial institution of the country. There were various galleries in the museum where coins, paper money and other monetary artifacts are preserved. Students found the visit very interesting and enthusiastic.</p>
