Dear Dr. Paloti,

Wishing you & Colleagues a Very Happy, Healthy & Prosperous New Year !

We acknowledge with thanks the receipt of ₹ 13,570 (₹ Thirteen Thousand Five Hundred Seventy only) vide cheque no. 789141 dated 22.12.2022 made towards the DELNET Annual Institutional Membership Fee for the period 29.11.2022 to 28.11.2023. The receipt no. 72265 dated 29.12.2022 is enclosed for the office records.

You are requested to access DELNET databases through the World Wide Web using the following procedure:

Web Address: **http://www.delnet.in**

Click onto "New Discovery Portal". Since the IP address provided by you is registered with us, you should be able to open the landing page without login prompt. Please let us know if you encounter any difficulty.

We are also glad to provide the following login & password for accessing DELNET remote:

Login	**: mhvcacsp**
Password	**: vca8868**

Kindly note your Inter Library Loan (ILL for Books) Password is **"mhvcacsplib"** to be used while registering a request. You are also welcome to send us the bibliographical references at **sangs@delnet.ren.nic.in, sangskaul2003@yahoo.co.in** for the resources needed by you. We will try our best to locate these resources. ***Also, a complete user manual on how to access DELNET online databases is available at the Discovery Portal.*** We would like to inform you that DELNET has launched WEBVIEW Youtube channel which contains a large number of video recordings of Webinars organised by DELNET. The link is available at the Discovery Portal. We would further like to inform you that Usage Report can be generated through "**USAGE STATISTICS**" link which appears at the top side of the landing page of the discovery portal. Kindly use the password as **8868***1992** to download the pdf, containing usage report of your institution.

I would like to mention that DELNET provides access to more than three crore catalogue records of books, journals, articles, etc. through Discovery Portal and also more than one crore and fifty lakh full-text e-books, e-journals & e-articles through *Knowledge Gainer Portal*. We are pleased to inform you that DELNET has also recently launched ViSiOn Portal which contains Video Recordings of Lectures on varied subjects. We request you to kindly contribute the video lectures of the Faculty Members of your Institution. Kindly contact us for further assistance. DELNET also provides Delplus software free of charge for library automation purpose. DELNET Guest House facility at New Delhi can also be availed by member-libraries on payment basis.

We would also like to mention that DELNET offers DrillBit software for plagiarism detection for an annual subscription of Rs 48,000 (inclusive of GST) for 300 documents checking.

I would also like to inform you that DELNET shall be glad to organise a one hour webinar on DELNET Networked Resources and Services at a mutually convenient date and time for the students, faculty, researchers and scholars of "Viva College of Arts, Commerce & Science, Dist. Palghar, Maharashtra". It will help in the effective utilisation of DELNET resources and services.

I am enclosing a poster on DELNET and a Certificate of Membership. Please kindly let us know if you wish to get any books on ILL or the journal articles.

With kind regards,

Yours sincerely,

Undergraduate Texts in Mathematics

Serge Lang

Linear Algebra

Third Edition

Springer

Mathematics and Statistics: Algebra, Linear Algebra

Serge Lang - *Yale University Dept. Mathematics, New Haven, CT, USA*

Linear Algebra

Linear Algebra is intended for a one-term course at the junior or senior level. It begins with an exposition of the basic theory of vector spaces and proceeds to explain the fundamental structure theorems for linear maps, including eigenvectors and eigenvalues, quadric and hermitian forms, diagonalization of symmetric, hermitian, and unitary linear maps and matrices, triangulation, and Jordan canonical form. The book also includes a useful chapter on convex sets and the finite-dimensional Krein-Milman theorem. The presentation is aimed at the student who has already had some exposure to the elementary theory of matrices, determinants, and linear maps. However, the book is logically self-contained. In this new edition, many parts of the book have been rewritten and reorganized, and new exercises have been added.

DEVELOPMENT ACROSS THE LIFE SPAN

Robert S. Feldman
Nandita Babu

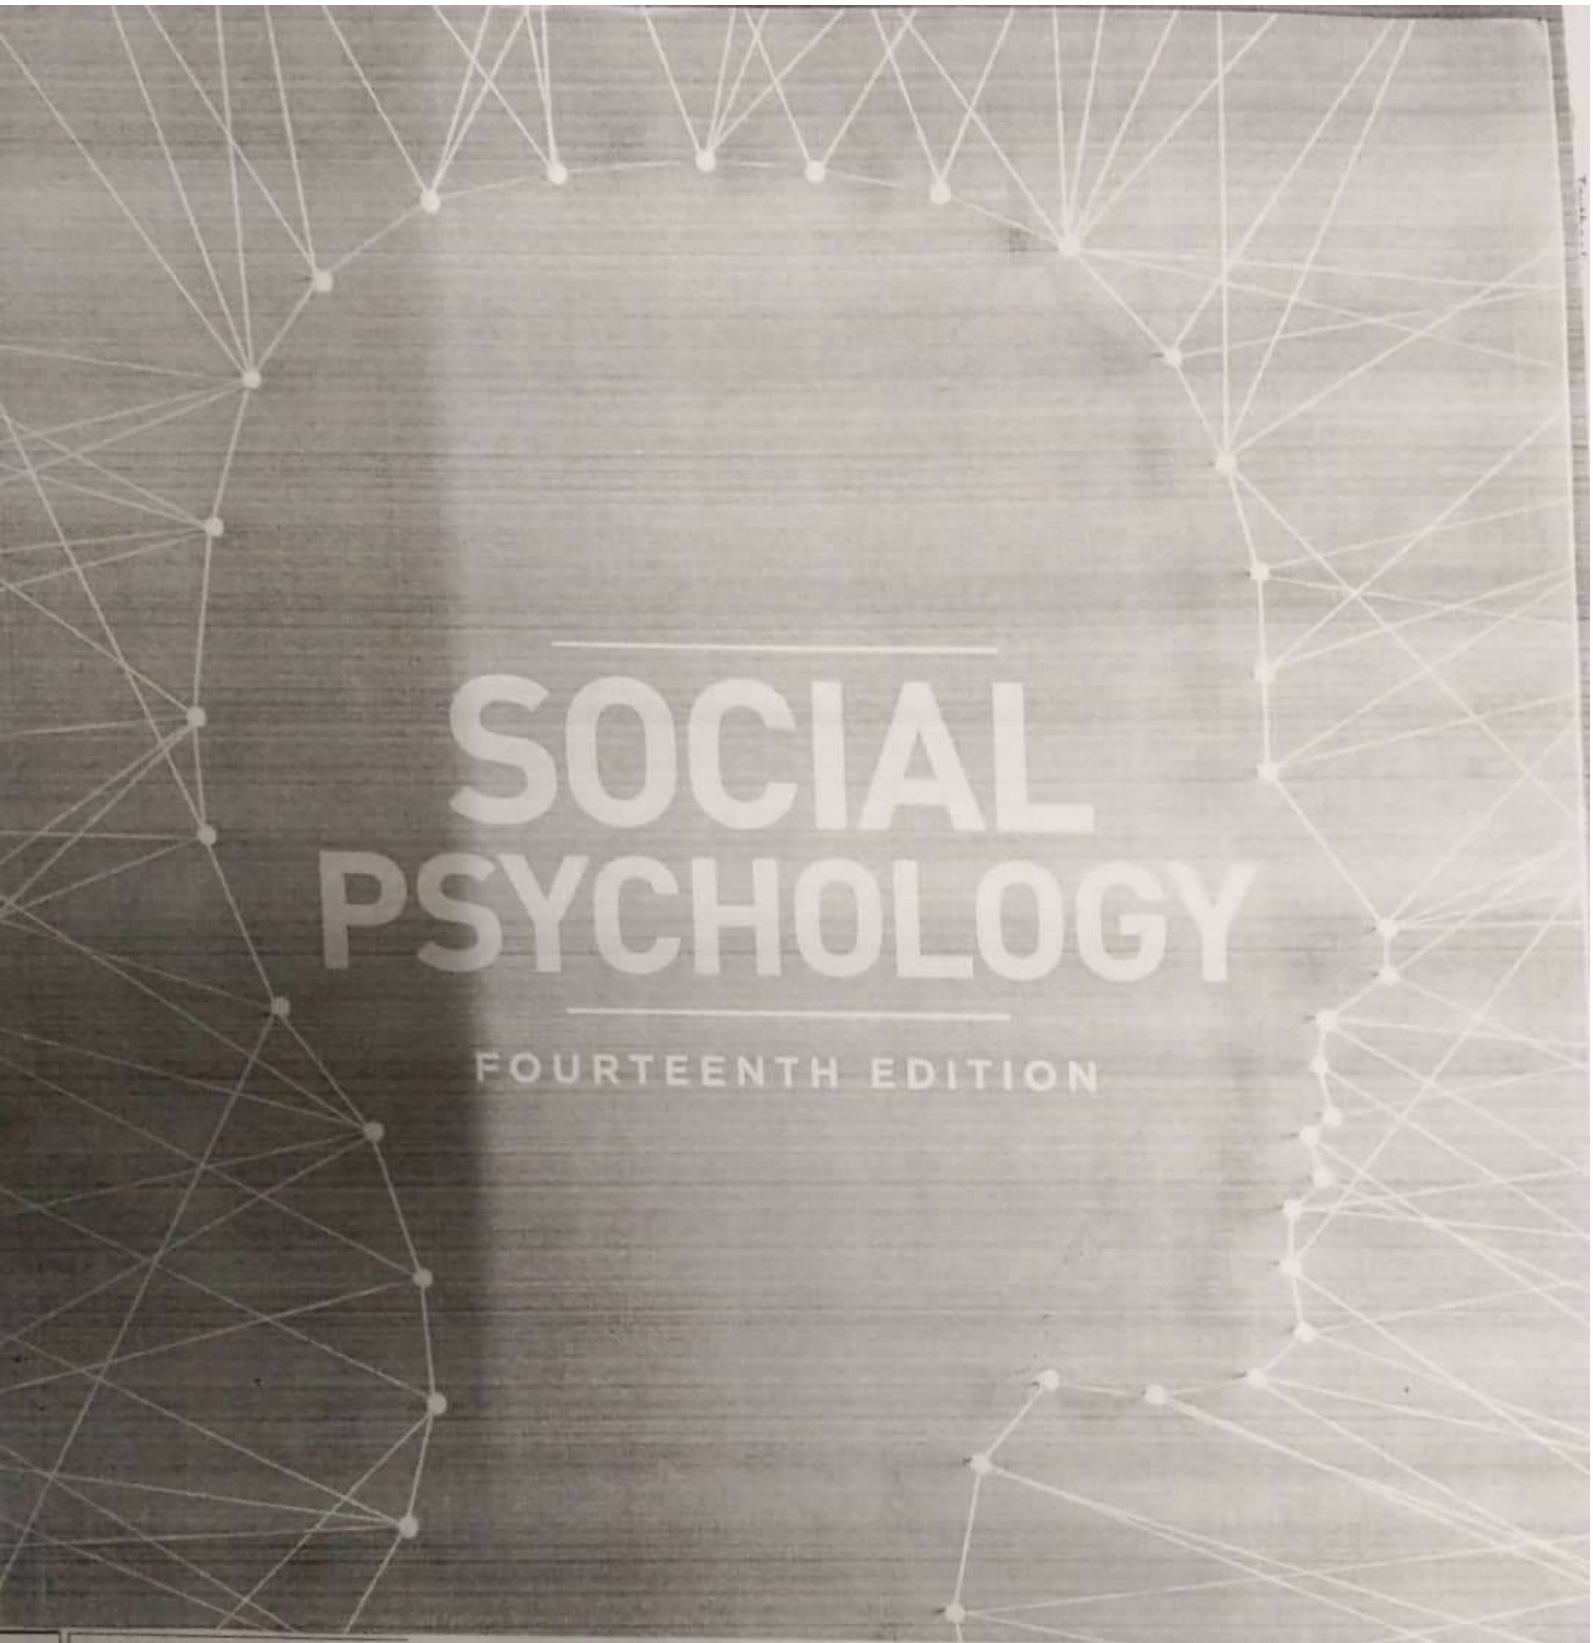
Development Across the Life Span, 8e, provides a chronological overview of human development from the moment of conception through death, examining both the traditional areas of the field and recent innovations. The author focuses on the application of developmental findings to help students recognize the discipline's relevance to their own lives. Thoroughly updated with latest data and contemporary examples, the eighth edition better engages students in key concepts via recent news items, timely world events, and contemporary uses of lifespan development.

- New and updated information on advances in areas like behavioral genetics, brain development, evolutionary perspectives, and cross-cultural approaches to development have been added.
- A brief vignette at the beginning of each chapter describes an individual or situation relevant to the basic developmental issues discussed in the chapter, thus introducing students to real-world implications of the chapter topic.
- *From Research to Practice* feature in every chapter describes a contemporary developmental research topic and explains its application to everyday problems.
- Indian examples, statistics, and studies on various topics have been added to make the content relevant for the immediate target audience.
- Some important topics include interaction between mother and child, the Nirbhaya case and Indian juvenile justice laws, policies for the elderly in India and their financial status, elders engaging in spiritual activities, and so on.



SOCIAL PSYCHOLOGY

FOURTEENTH EDITION

Nyla R. Branscombe | Robert A. Baron
Adapted by Preeti Kapur

Social Psychology, 14e, focuses on the social world which has changed in recent years under technological advancements. These changes have important implications on how we think about ourselves and other people. Social psychology is the branch of psychology that studies all aspects of our behavior with and toward others, our feelings and thoughts about them, and the relationships we develop with them. The central message of social psychology as a field, and for any book that seeks to represent it is: keep up with the technological changes in terms of their implications for social life, and this is precisely what has been done in this edition. While adapting this title for Indian readers, the main concern has been to address the sociocultural aspects of the Indian social world.

New to this Edition

- "What Research Tells Us About..." sections in each chapter illustrate how research findings help answer important questions about social life.
- New topics reflecting current research trends: biases in our beliefs about inequality; the importance of belonging and group ties; self-esteem and group memberships; why some people are happier than others, etc.
- A revamped Chapter 12 examines strategies people use to handle setbacks and the ingredients for increasing happiness.
- Content in the Indian context includes discussion on acid attack victim Laxmi Agarwal; social diversity and multiculturalism; discussion on Indian social groups and their perception of equality and inequality; level and types of discrimination in Indian social groups; gender stereotypes; notion of beauty and arranged and love marriage in India.

DESCRIPTION

Taylor & Francis Enzymes In Food And Beverage Processing by Chandrasekaran Muthusamy

Biotechnology, particularly eco-friendly enzyme technologies, has immense potential for the augmentation of diverse food products utilizing vast biodiversity, resolving environmental problems owing to waste disposal from food and beverage industries. In addition to introducing the basic concepts and fundamental principles of enzymes, Enzymes in Food and Beverage Processing covers development of novel enzymes with desired properties and functions for use in food industries and use of enzymes as analytical tools for monitoring in food and beverage processing. It also details the application of enzymes in different food and beverage industries, recent advances in enzymology, functional foods, probiotics, and food additives. The book examines the scope, emerging enzyme technologies, and applications of enzymes in processing of various foods and beverages and in developing novel food products. It covers emerging enzyme technologies and enzyme engineering techniques for improved and enhanced performance of enzymes in food and beverage processing. The book discusses the scope for deriving new range of food products such as functional foods, nutraceuticals, and probiotics using enzymes as well as the scope for application of enzyme inhibitors and enzyme mediated biotransformation's for improved enzyme processing of food and beverages.In the context of growing environmental problems and need for sustainable use of available natural resources, there is an increased need to implement valorization strategy in food and beverage processing industries which generates voluminous byproducts and wastes. Hence, the book also examines the use of enzymes in valorization of food processing wastes, besides the research gaps and future trends in the field that promote applications of enzymes. It examines the use of enzymes in food and beverage processing from the various food industries point of view and enables a deep understanding of the latest developments in modern food technologies and biotechnologies that you can use to meet ever-increasing consumer demands.

Ideal for students and working professionals, *Math for the Professional Kitchen* explains all the essential mathematical skills needed to run a successful, profitable operation. From scaling recipes and converting units of measure to costing ingredients and setting menu prices, this book provides a thorough understanding of the crucial math concepts used in the restaurant and foodservice industry. Written by three veteran math instructors from The Culinary Institute of America, the book utilizes a teaching methodology based on daily in-classroom practice. The entirety of the standard culinary math curriculum is covered, including conversions, determining yields, purchasing, portioning, and more.

- Vital mathematical concepts are reinforced with easy-to-understand examples and review questions
- The book is accompanied by inst...

March 11, 2022

Dear Sir/Madam:

Greetings from The American Library, Mumbai!

We have received your remittance and the complete application form and have renewed your Institutional membership. We are enclosing 5 library cards.

This membership entitles you to borrow 20 books, 10 back issues of periodicals and 5 DVDs at a time on 5 cards. This means on one card you may borrow 4 books, 2 back issues of periodicals and 1 DVD for three weeks. Kindly access our online catalog at https://americanspacesindia.on.worldcat.org/discovery to browse our collection

You will receive the following publications on regular basis:

- **Article Alert** - You can request up to 2 complimentary articles from the magazines
- **Book Alert** - a publication listing new titles added to the American Libraries in India. Should you wish to borrow any of the titles listed, in it, please send us your request. The American Library will be happy to lend you books that are readily available and reserve those currently in circulation.
- **Upcoming program fliers like Film Screenings** - You are welcome to attend film screenings and other programs organized by the library
- **TOC (Table of contents)** - Do let us know your subject interest, so that we may email you the TOC of select periodicals we receive.

Opening hours: Monday - Saturday, 9:00a.m. - 5:00 p.m., except for few holidays.

For any concerns regarding our collection, services and programs, please feel free to call us at 26724231/ 4024 or email at dostihouse@state.gov

Look forward to your continued support as a valued patron.

Thank you.
Fabian Rodrigues
