BAMMC DEPARTMENT

MENTOR MENTEE MECHANISM ACADEMIC YEAR (2021-2022)

Introduction

The department follows the mentoring scheme wherein teachers are allotted with the responsibilities to mentor the students for their overall academic and social progress and developments. Mentor teachers frequently interact with the students by convening meeting to assess and find problem areas in students' learning and development processes.

- To counsel and interact with the students to assess and find problem areas in students' learning and development processes.
- To motivate and encourage students to express their opinions and thoughts and to get feedbacks from them
- To take into consideration students opinions and thoughts for decision making in identified problem areas of academics (teaching, practicals) and solve problems.
- To create healthy and safe learning environment and to promote participatory culture among students .

In regular teaching hours, students and teachers do not get sufficient time to interact and discuss issues related to other than teaching topics. Most of the issue and problems faces by students do not reach to the faculty and surface. Knowing the students' problems are of utmost importance to take precautionary measure, proper strategic decisions and making changes in academics and administrations.

Each class is divided into groups. The each groups is then allotted to different teachers as mentor. The teacher mentor conduct periodic meeting with the students and discuss various issues related to academic, teaching and other

Implementation

This practices has proven very successful as it is providing good platform for the students to express their though, view and needs. Students are also becoming more interactive with the teachers and approach teachers without any hesitations to report any issue related to classes, and others. The discussion on such issues and students feedback in faculty meeting has helped greatly to make few necessary changes in the functioning of the department and take corrective and precautionary measures.

Challenges

Taking students into confidence for assessing and getting feedback on sensitive issues.

Mentor- mentee report 2021-22

F.Y. B.Sc. Biotechnology

Program:	Mentor-Mentee
Meeting Purpose:	The program was aimed at making students get acquainted and understand the roles, responsibilities, and relationships involved between Mentor and Mentee.
Meeting Date:	15.09.2021
Meeting Time:	1.00 PM
Meeting Location:	Google Meet (Online Video conferencing platform)
Meeting Facilitator:	Department of Biotechnology, VIVA College, Virar
Attendees:	76 students and 4 staff members
Minutes Issued By:	Nikhil Paradkar

Preamble:
Teaching is a communal, sensitive, and societal profession. Similarly, mentoring requires "real-time" interactions, and while 21st-century technology can be used to aid mentoring, the personal mentor-mentee relationship and timely interventions are critical to the mentoring process. To understand how mentors would approach this new endeavor, it is necessary to examine how they have worked with teachers in training in the past. Identifying mentoring patterns, gaps, and positive action can help you plan mentors more effectively. Participation in the curriculum reform.

Report of Mentor - Mentee meeting

Date : 16 / 07 / 2021
Time: 3:00PM
Class : SYBSc Biotechnology (Semester III)
Agenda: Orientation for the students on mentor-mentee.
Mode of meeting: On-line (google meet) - https://meet.google.com/nwx-tohi-dej **Number of students**: 81 Present: 54

Mentors:

1. Mrs. Ashwini Patil
2. Mrs. Shweta Patil
3. Mr. Vikas Gupta
4. Mr. Mubeen Shaikh

Class Representatives:

1. Ms. Khan Arzoo Siraj
2. Mr. Sumesara Chirag Pravin

Points / problems put forward by the students:

1. Animations / visuals can make them understand better.
2. After every lecture there should be a small Quiz of at least 5 questions or some assignment to be conducted.
3. Career guidance sessions need to be held.
4. Pre-recorded videos for practical demonstrations should be uploaded on Google classroom.

HOD Biotechnology

Department of Biotechnology

5. Interactive session in between the Lecture like some activities.

Suggested Solutions:

1. Will be communicated and discuss with the teachers.
2. Quiz after every lecture may not be possible due to time constraints but taking a quiz after completion of a particular topic will be communicated with the teachers and test (weekly) should suffice. Will try to upload quiz/assignment on Google classroom for revision of the topic.
3. Sessions on career guidance will be conducted.
4. Will coordinate with the facility and try to upload pre-recorded videos for each experiment.
5. We will have revision as per requirements.

At the end we have taken feedback form on mentor mentee system

End of meeting : 3:45 PM.

On 10th March 2021 at 12.15 pm, a mentor mentee meeting was held for Second year B.Sc Biotechnology students.The meeting was conducted on Google meet. The students were divided into four groups under the mentorship of Mrs. Ashwini Patil (Roll. Number - 1 to 19), Mr. Md. Mubeen Shaikh (Roll. Number - 39 to 57), Mr. Vikas Gupta (Roll. Number - 58 to 76) and Mr. Sharvil Shringarpure (Roll. Number - 20 to 38). In separate meetings, students were asked about their difficulties faced while attending online classes.

Maximum of students had limitations of network connection. Few students also mentioned the difficulties with online practicals.

Rest of the issues faced by students regarding downloading notes, reference material and understanding and connecting to online mode of teaching was addressed by respective mentors.

The online meeting ended with suggestions from students and motivation by each mentor for students to do better with academics.

Decisions Made:
The important decisions and announcements that were made during the orientation are as follow: ● Implementation of Mentor-Mentee system. ● Assigning Mentor to a group of students.

Discussion:
Queries/feedback by the mentee: 1. The screen-time affects concentration. 2. The timing of the practical session to be scheduled after the lecture. 3. Career guidance sessions on various fields and job opportunities 4. Email notification from Google classroom is not received for TY practical Classroom. **Solutions suggested:** 1. Screen time management should be implemented till offline lectures start. 2. Keeping a practical session immediately after lectures is not advisable as it will lead to stress. 3. Arrangement for a guidance session will be arranged in the imminent future. 4. The issue regarding email notification from Google classroom created for SEM VI practical has been solved. Few exceptions have been reported to the IT department of the College for resolution.

Conclusion:
Students got their query solved and a formal communication channel was created.
